

Capt. Bay Sep^r 22/91

Dear Tho

Rev^d Geo Conway has been to me about Southlands House, wishing to purchase it and part of the ground to build a Chapel upon and I have agreed to join him and purchase the remaining portion of the ground, that is we will buy the lot between us and he has requested me to write you and know the lowest figure you will let it go for Andrew Stough has also been to me about purchasing the House and has told me that if Father Conway fails (which I think is not likely) he will buy what Father Conway is in treaty for - Don't make any bargain or offer respecting the sale of the House & Ground

without first arguing me,
as the Knolls and others who
may be inclined to purchase
might think by applying
to you they would squeeze
out a better bargain - I would
wish that whoever may be
the purchaser the sale may
be conducted through me
as your agent - with as
soon as convenient -

We are all well here and
with love to Olga + Annie

I remain

Your aff. friend
Robert Brown
